

# We Need Your Help

## Short-term Support

Since its inception in 2012, the Glory Glory Center has relied 100% on donations from Mariners Church. With each passing year, donations have declined. Today, we receive only 33% of what's needed to cover the center's operating cost. **That's why we need your support.**

### Support Sam's Kids in 3 Easy Steps

#### 1. Adopt a House

Each house is home to 12-13 children (see inside for descriptions). Once you've adopted a house, get to know its residents by subscribing to our e-newsletter, visiting our website, or traveling to Haiti to meet them in person on a Faith Adventure.

#### 2. Set Your Monthly Gift Amount

Gifts of \$5 to \$500 per month are welcome! If you're unsure, we recommend \$25 per month.

#### 3. Support for Up to 5 Years

We hope you'll commit to a minimum of one year, but there's no penalty for stopping should your ability to give change. We expect the need to last only five years.

**To adopt a house, visit our website:**

Younger boys playing marbles.

# Why Only 5 Years?

## Long-term Sustainability

"No one wants to be a beggar for life."

*Haitian Entrepreneur, Poverty Inc.*

Mariners Church has been working closely with Pastor Samuel and his team for several years to conceive and implement various income-generating initiatives to contribute to the sustainability of the Glory Glory Center.

Starting in 2017, we are focusing our efforts on the construction of a **premier private school** which is expected to generate enough funds within five years to fully sustain itself, the children's forever home, the Communauté de Gloire church, and a host of local outreach initiatives.
